This film tells the story of Anastacia's married life, after marrying the billionaire Christian Grey. The story is basically a romance for women, with a lot of sex scenes involved. There is a lot of eye candy, but there is not a lot of substance. Even the scenes featuring the villain are not that terrifying. Raising pulses and box-office profits in equal measure when it was released in 2015, Fifty Shades of Grey introduced audiences to the R-rated exploits of Anastasia Steele and cocksure entrepreneur Christian Grey. The film gives the term "lockdown" a whole new meaning, and whether self-isolating or with a significant other, you can do it. Okay, so this adaptation of E. L. James's best-selling novel isn't your conventional meet-cute. It's a romantic drama with BDSM themes, charting the sexual awakening of 21-year-old Anastasia (Dakota Johnson) as she tentatively navigates Christian Grey's erotic world. From the beginning they're drawn to each other, but where she'd like the occasional dinner date and post-coital hugs, he's happiest utilizing an assortment of whips and other assorted sex toys. Director Sam Taylor-Johnson gifts the novel's fanbase with tasteful titillation, a brooding romance, and the sight of actor Jamie Dornan's bottom. She didn't receive an Oscar nomination, alas, but the film did become an instant hit: grossing \$570 million dollars worldwide and spawning two sequels.
